Love the way you live

At Hendrix Industries, we believe that the surfaces defining your environment should be as enduring as the memories created upon them. Every quartz and mineral slab we manufacture is a masterwork of geological artistry and industrial precision, born from a commitment to craftsmanship that starts right here on American soil. We don't just produce stone; we forge the foundations of daily life, blending the raw, elemental power of nature with the sophisticated durability required for modern living.

For the homeowner, we offer a sanctuary of timeless beauty; for the commercial developer, an uncompromising standard of resilience; and for the builder, a reliable partnership rooted in local excellence. Choosing Hendrix means choosing a legacy of American innovation - where every vein and detail reflects our promise to deliver superior, domestically-sourced surfaces that elevate every space they inhabit, countertops seamlessly integrate into your life, blending elegance with everyday usability.

The next evolution of luxury slab surfaces

When design draws from nature, it becomes more than functional - it becomes a celebration of the world's boundless beauty.

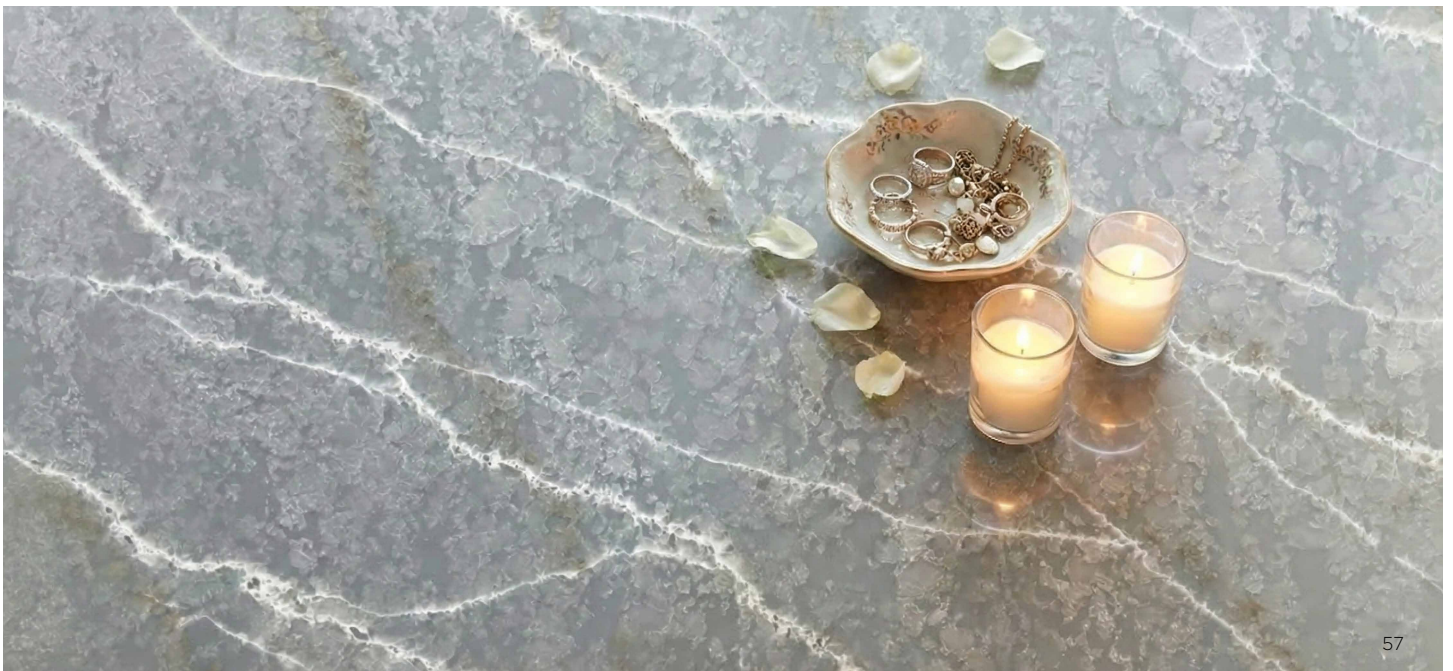

A harmonious blend of organic forms, colors, textures and natural elements transformed by cutting-edge engineering to create a material that is as durable as it is stunning.

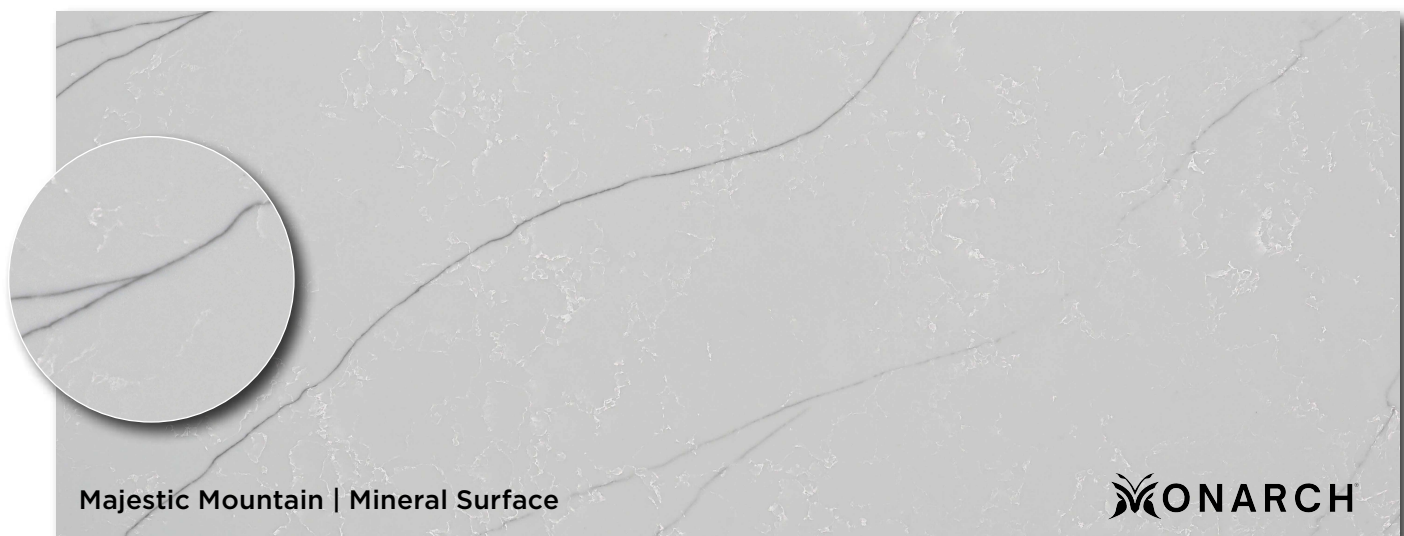

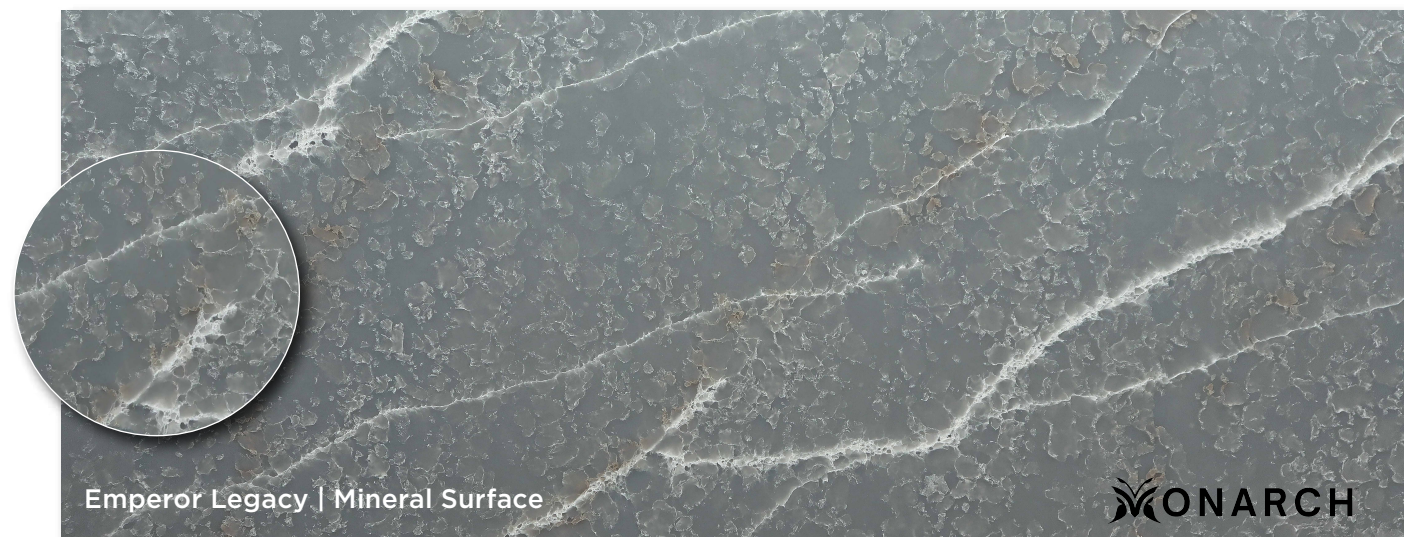

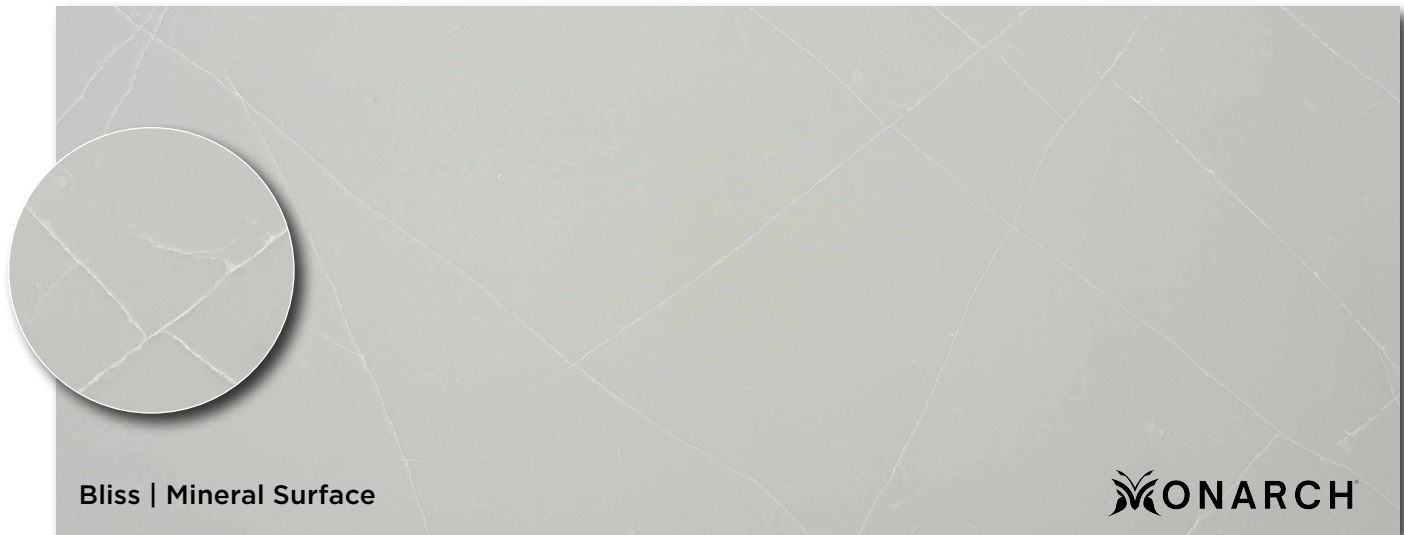

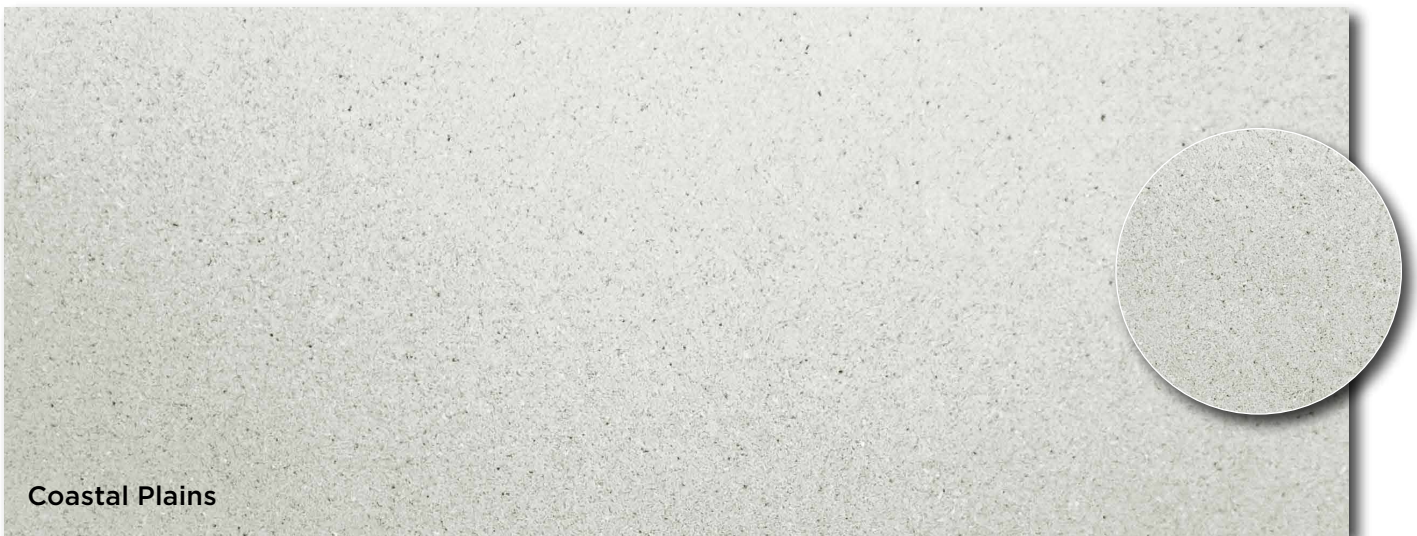

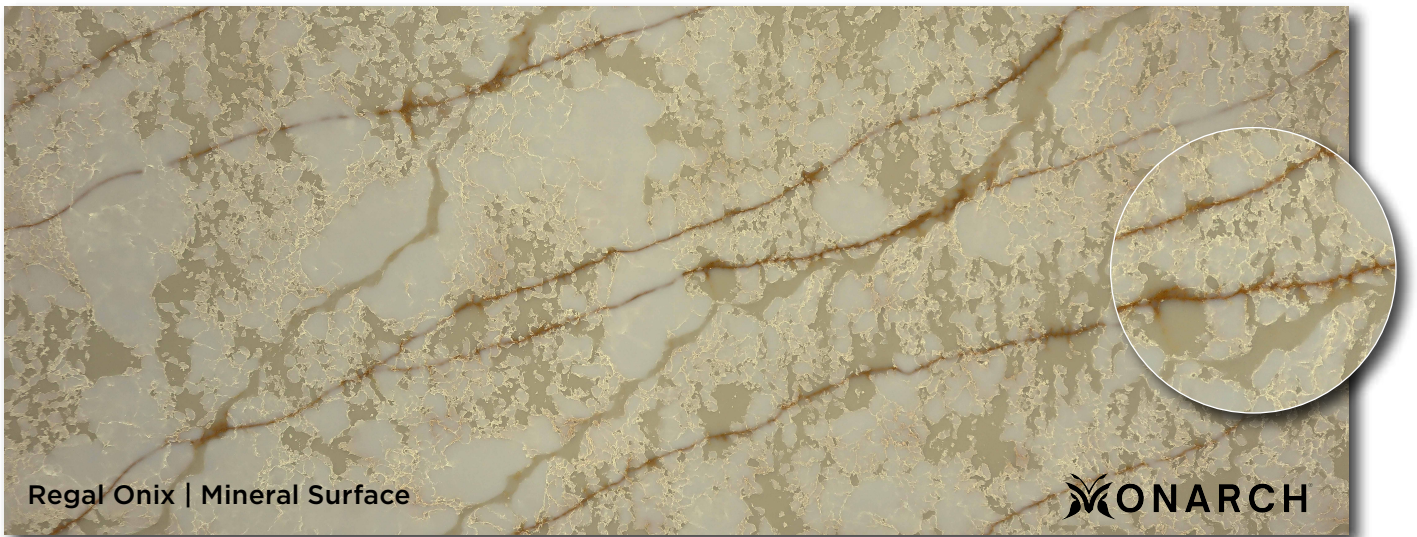

Designed with safety and sustainability in mind, our proprietary formula, Synergy+, reduces crystalline silica to less than 5%

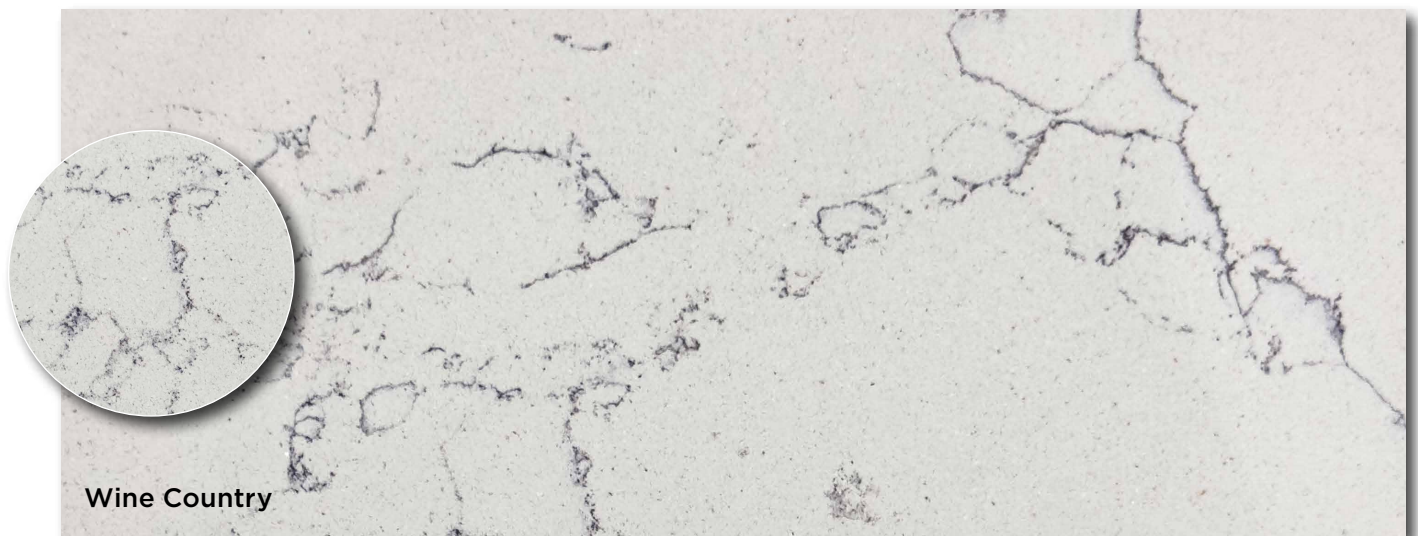

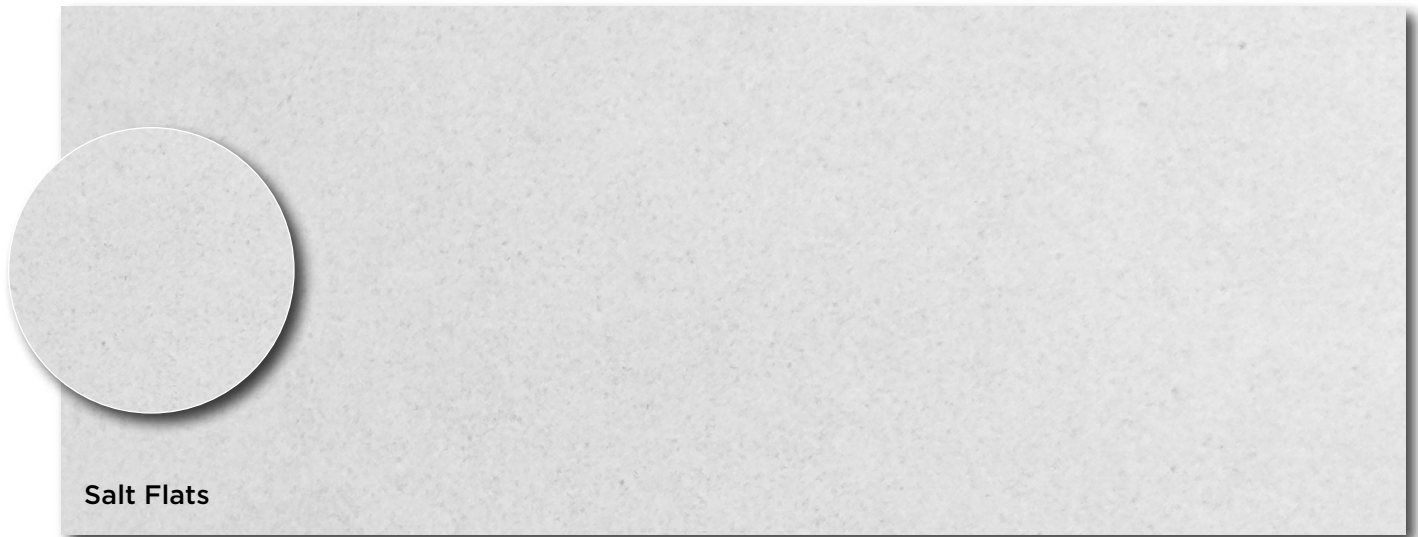

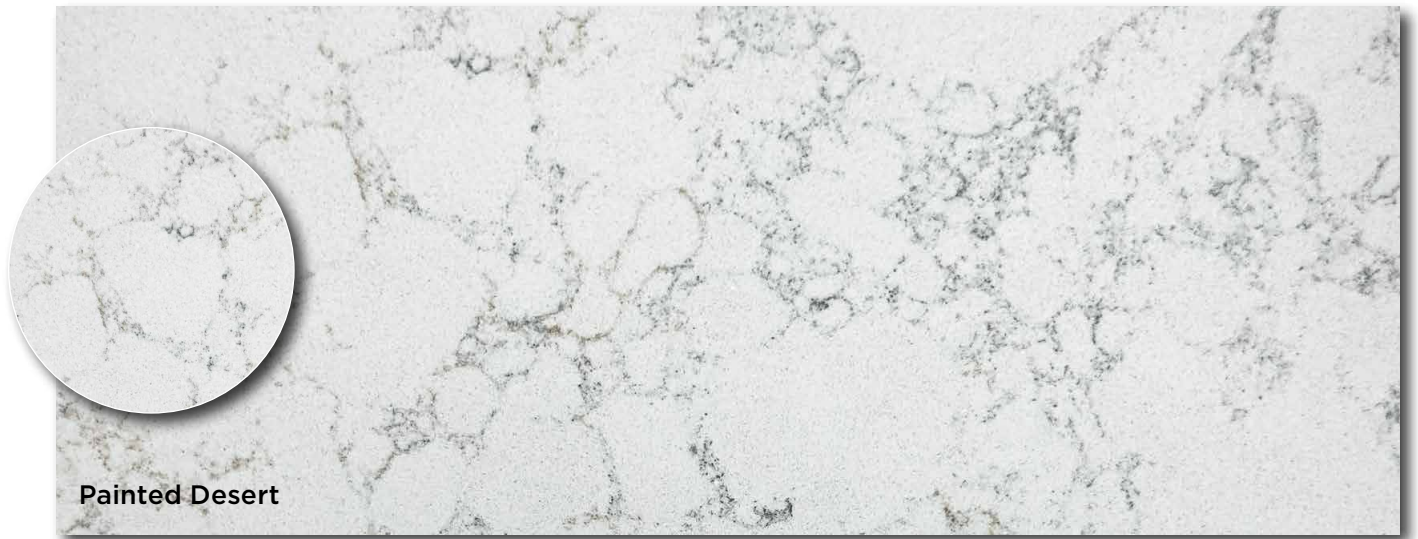

Ideal for a wide range of applications, from kitchen countertops to bathroom vanities and beyond, styles are endless whether you're designing a modern masterpiece or classic retreat.

Earth Mineral Surfaces prove that elegance and sustainability can coexist, creating surfaces that are as kind to the earth as they are to your space.

FORGING OUR *Heritage*

WE ARE **REDEFINING** THE VERY CONCEPT OF **HERITAGE**

We believe a powerful legacy is not merely inherited through the slow passage of time, but is actively forged through the intensity of action and the depth of commitment. Though our doors haven't been open for decades, we have established an instantaneous heritage defined by audacious boldness, unbridled creativity, transformative execution and uncompromising standards.

We refuse to wait for history to validate us; instead, we are building a lineage of excellence right now, compressing years of evolution into an accelerated pursuit of innovation and an unwavering adherence to absolute quality. Our heritage isn't our past; it is the ferocious spirit with which we pursue the present.

WE ARE HENDRIX INDUSTRIES

INVENTING THE OUTCOME

At Hendrix Industries, our products represent the pinnacle of American-made excellence, where industrial strength meets artisanal refinement. We are driven by a culture of strong innovation, continuously pushing the boundaries of material science to engineer quartz and mineral surfaces that offer unrivaled durability and aesthetic depth. Each slab is a testament to meticulous craftsmanship, manufactured right here in the USA to ensure the highest quality standards and a smaller carbon footprint.

TechnoQuartz®, Monarch® and Earth Mineral Surfaces® slabs are proudly manufactured in Sealy, TX — located just west of Houston in the sought-after Texas Triangle.
